British Government Refuses to Enter Seal Fishery Conference.

**OPPOSED TO RUSSIA AND JAPAN**

Ex-Secretary Foster Declines to Talk on the Probability of Two Conferences. Chicago Lake Front Case to Be Revived—Many Callers at the White House—Consul to Edinburgh.

WASHINGTON, Oct. 7.—Inquiry in the state department confirms the announcement from the board of foreign office in London that the British government has refused to take part in any conference in which Russian and Japanese delegates participate. Beyond this confirmation the officials of the department decline to discuss the question as correspondence is still in progress on the subject. Mr. John W. Foster, ex-secretary of state, who is in charge of the interests of the United States in the Bering sea seal fisheries matter, was asked about the statement that there would be two conferences, one between the United States and Great Britain and the other between the United States, Russia and Japan, declined to discuss this point at the present time.

**CONSUL TO EDINBURGH.**

Rufus Fleming, Managing Editor of the Times-Star, to Be Appointed.

WASHINGTON, Oct. 7.—There were many callers at the white house yesterday, among them being Secretary Alger, Assistant Secretary Day, Justice Harlan and William B. Plankett of North Adams, Mass., whom President and Mrs. McKinley visited on their recent trip. Colonel John N. Taylor and wife of East Liverpool, O., who are old friends of President and Mrs. McKinley, are guests at the white house. They will remain several days.

Among the consular appointments which will be announced in the near future will be that of Rufus Fleming of Ohio, as consul at Edinburgh, Scotland. Mr. Fleming is managing editor of the Cincinnati Times-Star.

The President and Mrs. McKinley yesterday evening received the member of the Ladies Home Mission of the Methodist Episcopal church who are holding their annual conference at Baltimore, Md. Mrs. Senator Teller is president of the society, but in her absence the ladies were presented by Mr. Johnson, pastor of the Metropolitan M. E. church of the city.

President and Mrs. McKinley also gave a reception at the white house last night to the foreign guests of the International Committee of the Brotherhood of St. Andrew who came here especially for that purpose before attending the coming convention at Buffalo.

**CHICAGO LAKE FRONT.**

McKee Scrip Case to Be Revived on Appeal.

WASHINGTON, Oct. 7.—The Chicago lake front case has been revived and a date for the hearing on appeal from the action of the general land office, adverse to the McKee scrip locators and a half score of other claimants, will soon be fixed by the secretary of the interior.

Counsel for the city and the Lincoln park commissioners have filed a motion asking that a date be set for the oral arguments before the secretary and the filing of the briefs. Action was postponed until next Monday, pending the return to the city of Assistant Attorney General Vandewater. It is probably that the latter will not reach here by that time, however, in which case their will be another postponement. Many millions of dollars are at issue.

**Gives Warning.**

WASHINGTON, Oct. 7.—Dr. Brunner, United States sanitary inspector at Havana, gives warning of the danger of yellow fever infection from cattle steamers plying between Cuba and the United States. He says the cattle-carrying craft necessarily are filthy, and being obliged to go alongside Cuban wharves there is danger that they may carry the disease back with them.

**Is Persona Non Grata.**

BERLIN, Oct. 7.—The German government has refused to recognize Ferdinand Neumann, of Illinois, who was nominated by President McKinley on May 28 to be United States consul at Cologne.

**REBUTTAL TESTIMONY.**

State Trying to Impach Defendant Luetger's Witnesses.

CHICAGO, Oct. 7.—The testimony in the Luetger trial yesterday was more interesting to the general public than it has been at any time for the last two weeks. The dry technical evidence of the experts gave way to impeachment evidence offered by the state against the witnesses for the defense who had stated on the stand that Mrs. Luetger had been seen in the vicinity of Kenosha, Wis., within a few days after the murder, said to have been committed. Several who claimed to have seen the woman around Kenosha fared badly at the hands of their neighbors. Witness Scholey, the principal witness for the defense on the Kenosha story, had his character torn to shreds. One of his neighbors, who testified against him, said he did not know what was meant by "Scholey's veracity," but made himself clear in the next breath by adding, "I do know, though, that Scholey is no good."

Evidence was introduced to show that Luetger had not put any grease or oil on his hands for making soap on the night of May 1, as his business partner, William Charles, had testified, because it had been all carried away on the morning before. It was also shown that Luetger had no occasion to make any soap, for when the factory was seized by a deputy sheriff, several days after the murder is said to have been committed, a great many barrels of soap belonging to him were found in the basement of the factory.

**EXPRESS TRAIN HELD UP.**

Read Agents at Work on the Line of the Chicago and Alton.

KANSAS CITY, Oct. 7.—Bandits held up a Chicago and Alton express train last night at a point less than six miles from Kansas City. The robbery is the third occurring on that railroad within a year, all within 15 miles of this city. The Chicago and St. Louis express, which pulled out of the Union depot at 8:30 last night, was stopped by eight masked men at Evanston, a suburban stopping place just beyond Washington park.

The train was stopped by the explosion of torpedoes which had been placed on the track. When the conductor and brakeman went out to ascertain the cause of the trouble they were covered with revolvers in the hands of four of the eight road agents. The other four quickly covered the engineer and fireman. The brakemen were compelled to unclose the baggage and express cars from the passenger coaches. While this was being done one of the robbers busied himself by going through the pockets of Conductor Graves, who was robbed of \$25 in coin.

The engineer and fireman were ordered out of the cab and the road agents pulled the uncoupled portion about a quarter of a mile away and proceeded to dynamite the express car. For some reason the stuff did not explode and the robbers became frightened and took to the woods. The train was delayed for fully two hours.

**LOUISVILLE AND NASHVILLE.**

Its Earnings and Expenditures For the Last Year.

LOUISVILLE, Oct. 7.—The annual meeting of the stockholders of the Louisville and Nashville railroad was held at the company's office in this city yesterday. The old board of directors was re-elected with the exception that F. A. Horsey was chosen to succeed J. A. Horsey, deceased. The annual report of President Milton H. Smith shows: Gross earnings for the year, \$20,372,307.65; operating expenses, \$13,849,218.04; net earnings from traffic, \$6,523,089.61; income from rents and investments, \$127,093.92, making a total income of \$6,650,183.53.

**TENDERED HIS RESIGNATION.**

Superintendent Glascock to Leave the Blind Institution.

INDIANAPOLIS, Oct. 7.—W. H. Glascock, superintendent of the Indianapolis Institute for the Blind has tendered his resignation to the trustees. Mr. Glascock gave as his reason a desire to return to public school work. His successor will not be appointed until the next monthly meeting of the board of trustees.

**LOSS OF LIFE BY FIRE.**

One Man Burned to Death at Chicago Stockyards.

CHICAGO, Oct. 7.—The Dexter park pavilion at the Union stockyards was late yesterday destroyed by fire. One unknown man was burned to death and five others were overcome by smoke and otherwise injured. The loss is estimated at \$50,000.

**Schoolgirls Burned to Death.**

PLANKINTON, S. D., Oct. 7.—One of the worst disasters in the history of the state occurred yesterday, when seven lives were lost by the burning of the girls' dormitory at the State Industrial school. The burned structure was of wood, three stories in height and was but recently completed. The origin of the fire is unknown.

**Agricultural Implement Manufacturers.**

DETROIT, Oct. 7.—The closing session of the annual convention of the National Association of Agricultural Implement and Vehicle manufacturers was held yesterday. Philadelphia was chosen as the place of the 1898 convention. Memorials to congress favoring a railway pooling law, an antiscraping law and nonpartisan consular service were adopted.

**Seth Low's Campaign.**

NEW YORK, Oct. 7.—Seth Low, Citizens Union candidate for mayor, last night opened his campaign at a large and enthusiastic mass meeting held at Cooper Union. The hall was packed by men and women, all seemingly in favor of the Citizens Union movement. When Mr. Low was introduced the cheering was tremendous.

**Farmers Pray For Rain.**

HOLGATE, O., Oct. 7.—Farmers west of this city gathered in a mass meeting in the grove and offered prayers for rain. Not a drop of rain has fallen for the past two months, and farmers have already lost thousands of dollars.

**Memorial Services for Neal Dow.**

CHICAGO, Oct. 7.—The general officers of the National Woman's Christian Temperance union have requested all local unions to hold memorial services for the late General Neal Dow.

**Teapot Explodes.**

IRON MOUND, Ky., Oct. 7.—While Miss Mabel Esty, a young school teacher living near here, was making some tea for supper, the teapot exploded, scalding her fatally.

**TELEGRAPHIC BRIEVITIES.**

Three men were killed in the collapse of a pyrites mine at St. John, N. F. National council of the Knights of Columbus have voted to deny membership to skunkkeepers. The Democratic county conventions being held in New York generally endorse the Chicago platform. The Northwestern Miller reports the flour output last week at Minneapolis, Duluth, Superior and Milwaukee at 388,140 barrels.

Three men were instantly killed in a mine at Leads, S. D., by a premature explosion of a blast. Bodies were buried under a mass of debris 30 feet deep. An expedition has sailed from St. Johns, N. F., for Hudson bay to ascertain how long the Hudson strait is navigable. Provisions are taken for an 18-months' cruise. Henry Croner, colored, after confessing to seducing Miss Ferguson, 15-year-old daughter of a farmer near Hernando, Miss., was taken from a justice of peace's office and hanged.

**LAST GAME PLAYED.**

Baltimore Wins the Third Game in the Temple Cup Series.

BOSTON, Oct. 7.—The last ball game of the season and the third in the Temple cup series was as dull and uninteresting a contest as has been seen here for many a day. The Baltimore won with ridiculous ease, and closed their engagement here by practically exhausting the pitching talent of the Boston nine. In three games all four of the new champions' crack twirlers have taken their turn in receiving the severest kind of pounding, and for the third successive game the home team was obliged to make a change before the game was over. A slight shower, however, came up just as the Boston were ending their half and the game was called. The score reverting to the seventh and cutting off four runs and five hits for the visitors. Attendance 5,000.

**Schooner Foundered.**

HOLLAND, Mich., Oct. 7.—The little schooner Ellen Stevenson has foundered in Lake Michigan. Captain Schippers and his crew of three men escaped in their yawlbout and reached this port. The Stevenson was bound from Grand Haven to Kenosha with a cargo of fruit. Forty miles west of this harbor and in a strong breeze and considerable sea, she sprung a leak, which soon grew too large for the pumps and the crew were compelled to abandon the ship.

**Suit for \$10,000.**

CLEVELAND, O., Oct. 7.—Suit has been begun by Myer Weil and M. D. Mandelbaum against the Fort Wayne and Electric Railway Co., Frank DeHaas Robinson, John J. Shipperd, Charles Hathaway and J. H. Bass on a note for \$10,000. It is the first suit growing out of the sensational arrest of J. J. Shipperd for embezzlement.

**General Advance in Wages.**

SANFORD, Me., Oct. 7.—Notices have been posted in the factories of the Good-all Worsted Co., announcing a general advance in wages. The firm employs 700 hands, running day and night.

At Biloxi.

BLOXI, Miss., Oct. 7.—The board of health reports: Yellow fever cases under treatment, 120; suspicious cases, 4; other cases, 5; new cases, 7; total cases to date, 255; total deaths to date, 10; deaths yesterday, 1.

Suspicious Case.

BREWTON, Ala., Oct. 7.—Robert S. Babb, a train quarantine guard, was taken sick last Monday at his home in Alex. His physician reports the case as suspicious of yellow fever.

SHOT A TRAMP.

Mrs. Wilson Invites Him In and Cooley Shoots Him.

LIXINGTON, Ky., Oct. 7.—In the absence of James L. Wilson, an unknown tramp called at his home in the country near here, and inquired for "the man of the house." Mrs. Wilson informed him that her husband was away. The tramp thereupon grabbed Mrs. Wilson. Cooley she invited him to step inside. The tramp obeyed.

The young woman stepped to a table in the hallway and picked up a revolver. Turning she fired at the advancing tramp. He jumped backward onto the porch. Mrs. Wilson fired again. The ball hit the tramp in the left side. He staggered a few feet and the broke into a run and escaped.

PET DOG'S BITE.

Mrs. McGinty Dies in Terrible Agony From Hydrophobia.

DECATUR, Ills., Oct. 7.—Mrs. Ellen McGinty, aged 45 years, is dead of hydrophobia. Her illness extended from last Sunday and she suffered terrible agony. Last November Mrs. McGinty was bitten on the arm by a pet dog, tearing out a large piece of flesh. The wound soon healed after the customary treatment, and nothing more was thought of the trouble. Last Sunday Mrs. McGinty felt a painful twitching in her arm, and soon had a chill. She asked for water and when it was brought to her she was thrown into spasms, which continued until death.

VICTIM OF X-RAYS.

Suit For Damages In Which the Loss of an Eye Is Alleged.

PADUCAH, Ky., Oct. 7.—J. D. Whalin has filed suit against Dr. Frank Boyd of the Boyd-White infirmary for \$10,000. The petition alleges that Dr. Boyd operated on the plaintiff with the X-ray for the purpose of locating a bullet in his head; that his head was severely burned by the use of said instrument; that his hair came out and that one of his eyes was put out on account of the burning of his head. He further alleges that he was forced to give up his position as switchman on account of the loss of his eyesight.

Pension Agent Leighty's Clerk.

WASHINGTON, Oct. 7.—At the pension office it is believed George Ward will be promoted to the chief clerkship in the Indianapolis pension agency. The pension commissioner, after consultation with the civil service commission, decided that Mr. Leighty, the pension agent, could not appoint any person outside of the office force.

**YELLOW JACK ACTIVE**

Forty-Six New Cases and Five Deaths at New Orleans.

**NUMBER OF FOCI INCREASED**

Two Hundred and Fifty Patients Now Under Treatment—Edwards Has Eight Cases of Black Vomit—Mobile Reaches the Hundred Mark in the Number of Cases Reported.

NEW ORLEANS, Oct. 7.—Last night's reports proved the day to be a record breaker, both as to the number of cases and as to the number of deaths. The increase in cases was not unexpected. The weather was warm during the afternoon, and the large territory the board of health has to cover makes perfect scrutiny impossible. While the number of cases under treatment is in the neighborhood of 250, there are many houses which have not yet been disinfected, but in which the patients have been declared well. Less restraint than usual is imposed on the inmates of such premises and the result has been that the number of foci has been increased. But the total death rate is still small in proportion to the number of cases. Number of new cases 46, deaths 5. Two of the new cases are in Algiers, making seven that have appeared in that suburb. The disease has apparently died out at Ocean Springs.

The board of health officially announces the status of affairs in New Orleans as regards yellow fever to be as follows: Cases yesterday, 46; deaths, 5; total cases to date, 425; total deaths to date, 43; total cases absolutely recovered, 134; total cases under treatment, 248.

**Reached the Hundred Mark.**

MOBILE, Ala., Oct. 7.—The total cases of yellow fever here reached the hundred mark yesterday; total deaths 16. There were no deaths reported during the day. The relief work is proceeding with commendable rapidity. In some instances families were found without the least bit of food in the house. Some very touching appeals have reached the committee from those who are usually in good circumstances but are now compelled to ask for assistance.

**Eight Cases of Black Vomit.**

EDWARDS, Miss., Oct. 7.—Dr. Dunn of the state board of health last night gave out the following report: There have been 16 new cases of fever as follows: Five whites and 11 negroes. Total deaths to date 15. Total cases today in town and the immediate country 360. There are 8 cases of black vomit. The report from Nittayama is to the effect that there is one new case, that of Mrs. Smith. This makes six in all at that place.

**At Biloxi.**

BLOXI, Miss., Oct. 7.—The board of health reports: Yellow fever cases under treatment, 120; suspicious cases, 4; other cases, 5; new cases, 7; total cases to date, 255; total deaths to date, 10; deaths yesterday, 1.

**AUTONOMY FOR CUBA.**

Decision Reached at a Spanish Cabinet Council—Havana Press Opinions.

MADRID, Oct. 7.—At a cabinet council last night the government decided to grant autonomy to Cuba under the suzerainty of Spain and to continue the campaign as long as may be necessary.

Senor Sagasta, the premier, has received a cable message from Captain General Weyler, who offers his services to the government, and says: "I shall not resign."

**SENATOR DAVIS.**

Doubts If Autonomy Would Be Sustained in Cuba by Spain.

ST. PAUL, Oct. 7.—The Pioneer Press this morning publishes a lengthy interview with Senator Davis, chairman of the senate committee on foreign relations, relating to the Cuban situation.

Senator Davis doubts if any ministry extending autonomy to Cuba would be sustained by the Spanish people, or whether it would, in any event, be accepted by Cuba, save through the influence of our own government with the people of the island. He does not favor immediate annexation of the island, but is of the opinion that should it secure independence its ultimate destiny is into our union without aggressive action on our part. He does not apprehend war with Spain over the subject.

**Havana Press Opinions.**

HAVANA, Oct. 7.—El Reformo de la Marina, the organ of the reform party, commenting on the new Spanish cabinet, in its leading editorial, says: "The fall of the headless and disconcerted conservative party means a transition from a dark night to a sunny day, it means a radical transformation of method. Public opinion had received the tidings with great satisfaction, as indicating the re-establishment of peace. The list of the ministers is a clear indication that the platform of the new cabinet is pure and logical autonomy for Cuba. We have absolute confidence in a prompt re-establishment of peace. The rise in Spanish securities in Europe shows that the public in Spain and abroad has great confidence in Senor Sagasta's cabinet."

The Union Constitution, the organ of the Conservative party, says: "The change in the Spanish cabinet is of minor importance, as all true Spaniards must have the same patriotism in defending the high ideals of the nation."

El Pais, the organ of the Autonomist party, says it sympathizes with the new cabinet for having declared in favor of autonomy and hopes Senor Sagasta will make good in power the promises he gave while in the opposition.

La Lucha says: "This is the last chance in a game of the gravest importance for the future and for the history of Spain and her colonies."

**OPERAHOUSE BURNED.**

Detroit's Theater In Ashes—Julia Arthur Company's Loss.

DETROIT, Oct. 7.—The center of Detroit was the scene at 1 o'clock this morning of a conflagration which totally destroyed three large buildings and contents, damaged several others and threatened destruction of at least an entire block of the most valuable property in the city. Loss \$250,000.

The blaze originated on the stage of the Detroit opera-house. Simultaneously with the breaking out of the fire there were several loud explosions, presumably the bursting of stage lighting apparatus. The flames quickly enveloped the rear of the theater and made a furnace of the interior. The opera-house, with all its contents, including the handsome scenery, costumes and equipments of the Julia Arthur company, were destroyed in short order.

The rear of the 10-story building occupied by the H. Leonard Furniture company, caught fire and nothing of the structure or contents remains but the steel frame.

### WARRANTY DEED.

And a Gilt Edge Title.—Read Through Carefully.

The unsuccessful champions of the failing cause of Brownstown in their desperation have slandered the titles to their own homes and questioned the county's title to the present court house grounds by the publication and cir- culation of a circular for the purpose of deluding the people if possible. Sec- tions 5, 6 and 7 of this circular call in question the title of the land conveyed to the county by John Ketcham in 1817.

To settle this matter the REPUBLICAN has obtained a copy of the original deed under the hand and official seal of the county recorder showing the utter falsity of these statements, and another palpable fraud which has been attempt- ed by the anti removalists, and that the county's title is absolute and perfect. The following is the deed in full:

"DEED OF TOWN LAND FROM JOHN KETCHAM TO JOHN MILROY, AGENT."

"This indenture made and entered into by and between John Ketcham of the county of Jackson and state of In- diana, and Elizabeth, his wife, of the one part, and John Milroy, agent for Brownstown and county of Jackson and state of Indiana, of the other part. Witnesseth that the said John Ketcham and Elizabeth, his wife, for and in con- sideration of the sum of twelve hundred and thirty dollars and eighty cents, money of the United States, to him paid, the receipt whereof is hereby ac- knowledged, hath hereby granted, bar- gained and sold and by these presents doth hereby grant, bargain and sell, alien and enfeoff, all their right, title, interest and claim in and to a certain tract or parcel of land situated in the county of Jackson, being the same as- sessed by and agreed for by the com- missioners appointed by the legislature by an act passed the eighteenth day of December, eighteen hundred and fif- teen, to fix and establish the seat of justice in the said county of Jackson. Said tract of land being part of fraction eleven and fourteen, town five north of range four east in the district of lands offered for sale at Jeffersonville and bounded as follows viz: Beginning at the south east corner of the north east quarter of section (on fraction) No. fourteen, thence one hundred and forty poles to a stake, thence north one hun- dred and forty-six to a post in a field twelve feet north of a dead blue ash and on the boundary line between the old and new purchases, thence with the said boundary line one hundred and forty-three poles to the corner of fraction eleven, thence south seven de- grees, east two hundred and thirty- seven poles to the place of beginning, containing one hundred and fifty-three acres, three quarters and sixteen poles, to have and to hold the same, and the said John Ketcham and Elizabeth, his wife, for themselves, their heirs, execu- tors and administrators hath hereby granted, bargained and sold, aliened and confirmed the said tract or parcel of land unto the said John Milroy, agent as aforesaid, or his successors, for the use, benefit and behoof of the said county of Jackson, and the said John Ketcham and Elizabeth, his wife, will forever warrant and defend the same from them, their heirs, executors and administrators, &c., unto the said John Milroy, agent for the said county of Jackson, or his successors, for the use of the county aforesaid and from all and every other person or persons what- soever, lawfully claiming or to claim, and will forever defend. In witness whereof the said John Ketcham and Elizabeth, his wife, hath hereunto set their hands and seals this twenty- seventh day of February, in the year of our Lord One thousand eight hun- dred and seventeen.

JOHN KETCHAM, [SEAL] her ELIZABETH KETCHAM [SEAL] mark

In presence of JAMES MITCHELL.

### The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., Chief, says: "We won't keep house with- out Dr. King's New Discovery for Con- sumption, Coughs and Colds. Experi- mented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other re- medy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Coughs, etc." It is idle to experiment with other re- medies, even if they are urged on you as just as good as Dr. King's New Discov- ery. They are not as good, because this remedy has a record of cures and be- sides is guaranteed. It never fails to satisfy. Trial bottles free at W. F. Pe- ter's drug store.

### Taken by Surprise.

### John R. McLean's Great Newspaper.

Without a single exception, there is no paper in the United States that is so successful a publisher as the proprietor, Mr. John R. McLean. The old-time press for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to. And a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in those of greater magnitude.

### Queen Victoria's Wedding Cake.

Germans are puzzled considerably by the wedding cakes which Queen Victoria sends to royal couples that are married in German palaces. The cakes seem to be ordinary fruit cakes, of the same general composition as the ones seen at most English and American weddings, but their composition, solidity, weight and appearance are matters of uncommon interest to the editors of German journals as well as the people at large.

To the recent wedding in Coburg the queen sent a cake which the editor of the Gotha Gazette studied deeply in order that he might enlighten the anxious readers of his newspaper. He found that its diameter at the base was 8 feet 4 inches and at the top 3 feet. Its height was 3 feet 6 inches. It weighed 125 pounds, or 25 less than the cake her majesty sent to the wedding of the Princess Marie of Edinburgh several years ago. The editor explains that the density of the cake was remarkable—so remarkable, in fact, that a knife could not prevail against it, and a saw must be used to divide off the sections distributed among the guests.

The cake had beeniced heavily in England, but its journey by sea and land from London to Coburg shook it up so thoroughly that most of the icing was in fragments at the end of the trip, and the cake was sent to a Coburg confectioner for repairs. Before the cake was sawed up it was displayed, with its top piece of artificial orange blossoms, among the presents of the princely couple.—New York Sun.

### As It Looked to Him.

People who have seen cottonwood lumber warp when it came from the saw can appreciate a story Gene Ware tells about the first sawmill erected at Fort Scott. After the first day's sawing the owner of the mill came down from town, where he had been celebrating the "opening" with the boys. He looked over the crooked boards scattered about the yard for a moment and then inquired with drunken gravity: "Boys (hic), has that lumber been measured yet?" "It has not," replied the foreman of the mill. "Well, when it gets still, take a (hic) corkscrew and measure it!"—Kansas City Journal.

### DREAMS OF THE DAYS GONE BY.

Dreams, come home to my heart again With the memory of the past, Come with your pleasure and your pain And your hopes and joys that last. Come from your hidden graves that lie In the beautiful realms of the days gone by: Come from your glorious graves that lie In the realms of the days gone by!

I will welcome you all again, As once in the halls of Eld, Welcome the pleasure and the pain For the beauty your brief lives held. Dreams, come out of your secret graves In the woodland wilds and the dim sea caves; Dreams, come out of your myriad graves In the wilds and the dim sea caves!

Ye throng the halls of my heart once more With faces sad with pain, Oh, faded ghosts of the dreams of yore, The joy comes not again. Go back to your mournful graves that lie In the shadowy realms of the days gone by: Go back to your hopeless graves that lie In the realms of the days gone by! —Emma A. Browne in New York Ledger.

### THE TRUTH ABOUT IT.

What Is the Use of Living if You Can't Be in It?

Yes, Erastus, we have noticed that article in a scientific journal advising people to sleep more in order to live long, and to tell you the truth we take but little stock in it. We notice that Tesla, the great electrician, claims that a man might live to be 200 years old if he would only sleep most of the time. And suppose he should. What would a man amount to sleeping like a fat dog in the summer? For all practical purposes a man might as well be dead as to be asleep, with this advantage in the way of being dead—he isn't in anybody's road.

Suppose a man lived for 200 years and slept 160 of it. He can only figure out when the thing is through that he has really lived 40 years, and in that 40 he neither cuts as much ice nor has half the fun the man has who passes in his checks at 60 and out of the 60 has only slept 20 years. Is there any particular object, my boy, in simply lying round asleep for 150 years, wearing out bedclothes and saving a trifle on funeral expenses? We think not. All there is in life worth living for you get while you are awake. All the time you ought to spend asleep is just enough to enable you to keep awake the rest of the time.

Sleep is a necessary evil, just so much good time that you have to give up in order to keep your stomach, liver and other organs in fair shape. Of course we have read a good deal about beautiful dreams, when angels hover overhead and all that, but our experience is that this talk is almost altogether rot. When you are in good physical condition, you don't dream. When you dream, the angels aren't in that vicinity. It is when you have filled your interior with fattened swine and boiled cabbage that you retire to sleep, perchance to dream. To dream—aye, there is the rub!—when you feel a four headed dog sitting upon your vitals and know that the horned and cloven tailed whangdoodle from the barren mountains of Hesperia is crawling upon you, breathing smoke and fire, and you are paralyzed, or you seem all at once to find yourself in the midst of some gay and cultured assembly with no clothing on your person except perhaps a paper collar and a pair of hose reporters and utterly unable to explain to the ladies and gentlemen present why you are there in this decollete costume or to take your departure.

There is nothing angelic or heavenly about the average dream. On the contrary, it is hateful and repeat. The young man who has to be routed out of bed at 9 or 10 o'clock in the morning may live a good while, but the chances are that he won't amount to as much in life as a three legged dog in a jack rabbit chase. The proper thing, young fellow, is to sleep less and get a hump on yourself, even if you should pass out before you are 50. One year of life spent in knocking rich, ripe, luscious persimmons is worth five sleeping in the shade with the worms crawling over your person and the timber bugs trying to roll you out of their way.—Tom McNeal in Topeka Mail.

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases. CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, bottled free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Lincolnton, N. Y. The proprietors of this paper guarantee the genuineness of this ad.

### Civilizing a Chimpanzee.

"It's wonderful," said the man who is always earnest, "to see how they can develop the intellects of the lower animals. There is no telling how much we may be able to benefit them by systematic education."

"What suggested that idea?"

"A chimpanzee that I saw. He was one in a perfectly wild condition. Now they have by patient training taught him to smoke a pipe, play cards and drink whisky!"—London Answers.

### Barrie's Candor.

J. M. Barrie is more conscious of his limitations than are some of his fellow workers of the period. At the repeated solicitation of his journalist friends he consented some time ago to write the life of the late Alexander Russell of the Scotsman, but he immediately relinquished the task when he perceived that biographical writing lay altogether outside his particular sphere of work.

The proverb "Necessity is the mother of invention" can hardly be traced to one independent source. The idea was expressed by Persius, the Roman satirist about 60 A. D., and is found, in the precise form now quoted, in Richard Franck's "Northern Memoirs" (printed in London, 1694), and in various later English writers.

### SAVED THE MONEY.

Robber's Dare to a Boy Whose Father He Had Robbed. MONTPELIER, O., Oct. 7.—Steve Lish, an old farmer, with his wife and two boys live west of here. The old people left home to go to a neighboring town. The youngest son, 15 years old, was at work about the place when he heard a noise in the house, and going there saw two men. One of the men, spying the boy, told him to "get out," at the same time sending a couple of revolver shots at him. He quickly "got out" to the back of the house. Shortly the interlopers ran out, one carrying the old gentleman's strong box. The robber caught sight of the young man and laughingly said: "Shoot the box of coin."

Young Lish had got the shotgun, and quickly drawing a bead on the fellow, filled his shoulder with shot, upon which the box was dropped, the robber shouting: "I don't want your box, don't shoot." The thieves were tracked for some distance by the blood marks along the road. Quite a sum of money was in the box.

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, bottled free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Lincolnton, N. Y. British Government Refuses to Enter Seal Fishery Conference.

## OPPOSED TO RUSSIA AND JAPAN

Ex-Secretary Foster Declines to Talk on the Probability of Two Conferences. Chicago Lake Front Case to Be Revived—Many Callers at the White House—Consul to Edinburgh.

WASHINGTON, Oct. 7.—Inquiry in the state department confirms the announcement from the board of foreign office in London that the British foreign government has refused to take part in any conference in which Russian and Japanese delegates participate. Beyond this confirmation the officials of the department decline to discuss the question as correspondence is still in progress on the subject. Mr. John W. Foster, ex-secretary of state, who is in charge of the interests of the United States in the Bering sea seal fisheries matter, was asked about the statement that there would be two conferences, one between the United States and Great Britain and the other between the United States, Russia and Japan, declined to discuss this point at the present time.

## CONSUL TO EDINBURGH.

Rufus Fleming, Managing Editor of the Times-Star, to Be Appointed.

WASHINGTON, Oct. 7.—There were many callers at the white house yesterday, among them being Secretary Alger, Assistant Secretary Day, Justice Harlan and William B. Plunkett of North Adams, Mass., whom President and Mrs. McKinley visited on their recent trip. Colonel John N. Taylor and wife of East Liverpool, O., whose old friends of President and Mrs. McKinley, are guests at the white house. They will remain several days.

Among the consular appointments which will be announced in the near future will be that of Rufus Fleming of Ohio, as consul at Edinburgh, Scotland. Mr. Fleming is managing editor of the Cincinnati Times-Star.

The President and Mrs. McKinley yesterday evening received the members of the Ladies Home Mission of the Methodist Episcopal church who are holding their annual conference at Baltimore, Md. Mrs. Senator Teller is president of the society, but in her absence the ladies were presented by Mr. Johnson, pastor of the Metropolitan M. E. church of this city.

President and Mrs. McKinley also gave a reception at the white house last night to the foreign guests of the International Committee of the Brotherhood of St. Andrew, who came here especially for that purpose before attending the coming convention at Buffalo.

## CHICAGO LAKE FRONT.

McKee Scrip Case to Be Revived on Appeal.

WASHINGTON, Oct. 7.—The Chicago lake front case has been revived and a date for the hearing on appeal from the action of the general land office, adverse to the McKee scrip locators and a half score of other claimants, will soon be fixed by the secretary of the interior. Counsel for the city and the Lincoln park commissioners have filed a motion asking that a date be set for the oral arguments before the secretary and the filing of the briefs. Action was postponed until next Monday, pending the return to the city of Assistant Attorney General Vandewater. It is probable that the latter will not reach here by that time, however, in which case their will be another postponement. Many millions of dollars are at issue.

## Gives Warning.

WASHINGTON, Oct. 7.—Dr. Brunner, United States sanitary inspector at Havana, gives warning of the danger of yellow fever infection from cattle steamers plying between Cuba and the United States. He says the cattle-carrying craft necessarily are filthy, and being obliged to go alongside Cuban wharves there is danger that they may carry the disease back with them.

## Is Person Non Greta.

BERLIN, Oct. 7.—The German government has refused to recognize Ferdinand Neumann, of Illinois, who was nominated by President McKinley on May 28 to be United States consul at Cologne.

## REBUTTAL TESTIMONY.

State Trying to Impair Defendant Luetger's Witness.

CHICAGO, Oct. 7.—The testimony in the Luetger trial yesterday was more interesting to the general public than it has been at any time for the last two weeks. The dry technical evidence of the experts gave way to impeachment evidence offered by the state against the witnesses for the defense who had stated on the stand that Mrs. Luetger had been seen in the vicinity of Kenosha, Wis., within a few days after the murder is said to have been committed. Several who claimed to have seen the woman around Kenosha fared badly at the hands of their neighbors. Witness Scholey, the principal witness for the defense on the Kenosha story, had his character torn to shreds. One of his neighbors, who testified against him, said he did not know what was meant by "Scholey's veracity," but made himself clear in the next breath by adding, "I do know, though, that Scholey is no good."

Evidence was introduced to show that Luetger had not put any grease or chipped bone into his vat for making soap on the night of May 1, as his business partner, William Charles, had testified, because it had been all carted away on the morning before. It was also shown that Luetger had no occasion to make any soap, for when the factory was seized by a deputy sheriff, several days after the murder is said to have been committed, a great many barrels of soap belonging to him were found in the basement of the factory.

## EXPRESS TRAIN HELD UP.

Read Agents at Work on the Line of the Chicago and Alton.

KANSAS CITY, Oct. 7.—Bandits held up a Chicago and Alton express train last night at a point less than six miles from Kansas City. The robbery is the third occurring on that railroad within a year, all within 15 miles of this city. The Chicago and St. Louis express, which pulled out of the Union depot at 8:30 last night, was stopped by eight masked men at Evanston, a suburban stopping place just beyond Washington park.

The train was stopped by the explosion of torpedoes which had been placed on the track. When the conductor and brakeman went out to ascertain the cause of the trouble they were covered with revolvers in the hands of four of the eight road agents. The other four quickly covered the engineer and fireman. The brakemen were compelled to unhook the baggage and express cars from the passenger coaches. While this was being done one of the robbers busied himself by going through the pockets of Conductor Graves, who was robbed of \$22 in coin.

The engineer and fireman were ordered out of the cab and the road agents pulled the uncoupled portion about a quarter of a mile away and proceeded to dynamite the express car. For some reason the stuff did not explode and the robbers became frightened and took to the woods. The train was delayed for fully two hours.

## LOUISVILLE AND NASHVILLE.

Its Earnings and Expenditures for the Last Year.

LOUISVILLE, Oct. 7.—The annual meeting of the stockholders of the Louisville and Nashville railroad was held at the company's office in this city yesterday. The old board of directors was re-elected with the exception that F. A. Horsey was chosen to succeed J. A. Horsey, deceased. The annual report of President Milton H. Smith showed gross earnings for the year, \$30,372,307.65; operating expenses, \$13,849,218.04; net earnings from traffic, \$6,523,089.61; income from rents and investments, \$427,063.82, making a total income of \$6,950,153.43.

## TENDERED HIS RESIGNATION.

Superintendent Glascock to Leave the Blind Institution.

INDIANAPOLIS, Oct. 7.—W. H. Glascock, superintendent of the Indianapolis Institute for the Blind has tendered his resignation to the trustees. Mr. Glascock gave as his reason a desire to return to public school work. His successor will not be appointed until the next monthly meeting of the board of trustees.

## LOSS OF LIFE BY FIRE.

One Man Burned to Death at Chicago Stockyards.

CHICAGO, Oct. 7.—The Dexter park pavilion at the Union stockyards was late yesterday destroyed by fire. One unknown man was burned to death and five others were overcome by smoke and otherwise injured. The loss is estimated at \$50,000.

## Schoolgirls Burned to Death.

PLANKTON, S. D., Oct. 7.—One of the worst disasters in the history of the state occurred yesterday, when seven lives were lost by the burning of the girls' dormitory at the State Industrial school. The burned structure was of wood, three stories in height and was but recently completed. The origin of the fire is unknown.

## Agricultural Implement Manufacturers.

DETROIT, Oct. 7.—The closing session of the annual convention of the National Association of Agricultural Implement and Vehicle Manufacturers was held yesterday. Philadelphia was chosen as the place of the 1898 convention. Memorials to congress favoring a railway pooling law, an antislavery law and nonpartisan consular service were adopted.

## Seth Low's Campaign.

NEW YORK, Oct. 7.—Seth Low, Citizens Union candidate for mayor, last night opened his campaign at a large and enthusiastic mass meeting held at Cooper Union. The hall was packed with men and women, all seemingly in favor of the Citizens Union movement. When Mr. Low was introduced the cheering was tremendous.

## Farmers Pray For Rain.

HOLGATE, O., Oct. 7.—Farmers west of this city gathered in a mass meeting in the grove and offered prayers for rain. Not a drop of rain has fallen for the past two months, and farmers have already lost thousands of dollars.

## Memorial Services for Neal Dow.

CHICAGO, Oct. 7.—The general officers of the National Woman's Christian Temperance union have requested all local unions to hold memorial services for the late General Neal Dow.

## Teapot Explodes.

IRON MOUND, Ky., Oct. 7.—While Miss Mabel Easter, a young school teacher living near here, was making some tea for supper, the teapot exploded, scalding her fatally.

The Democratic county conventions being held in New York generally endorse the Chicago platform.

The Northwestern Miller reports the flour output last week at Minneapolis, Duluth, Superior and Milwaukee at 388,140 barrels.

Three men were instantly killed in a mine at Leads, S. D., by the premature explosion of a blast. Bodies were buried under a mass of debris 30 feet deep.

An expedition has sailed from St. Johns, N. F., for Hudson bay to ascertain how long the Hudson strait is navigable. Provisions are taken for an 18-months' cruise.

Henry Croner, colored, after confessing to seducing Miss Ferguson, 15-year-old daughter of a farmer near Hernando, Miss., was taken from a justice of peace's office and hanged.

## LAST GAME PLAYED.

Baltimore Wins the Third Game in the Temple Cup Series.

BOSTON, Oct. 7.—The last ball game of the season and the third in the Temple cup series was as dull and uninteresting a contest as has been seen here for many a day. The Baltimore won with ridiculous ease, and closed their engagement here by practically exhausting the pitching talent of the Boston nine. In three games all four of the new champions' crack twirlers have taken their turn in receiving the severest kind of pounding, and for the third successive game the home team was obliged to make a change before the game was over. A slight shower, however, came up just as the Boston were ending their half and the game was called, the score reverting to the seventh and cutting off four runs and five hits for the visitors. Attendance 5,000.

## Schooner Foundered.

HOLLAND, Mich., Oct. 7.—The little schooner Ellen Stevenson has foundered in Lake Michigan. Captain Shippers and his crew of three men escaped in their yawlboat and reached this port. The Stevenson was bound from Grand Haven to Kenosha with a cargo of fruit. Forty miles west of this harbor and in a strong breeze and considerable sea, she sprung a leak, which soon grew too large for the pumps and the crew were compelled to abandon the ship.

## Suit for \$10,000.

CLEVELAND, O., Oct. 7.—Suit has been begun by Myer Weil and M. D. Mandelbaum against the Fort Wayne and Electric Railway Co., Frank DeHaas Robinson, John J. Shipperd, Charles Hathaway and J. H. Bass on a note for \$10,000. It is the first suit growing out of the sensational arrest of J. J. Shipperd for embezzlement.

## General Advance in Wages.

SANFORD, Me., Oct. 7.—Notices have been posted in the factories of the Goodall Worsted Co., announcing a general advance in wages. The firm employs 700 hands, running day and night.

## YELLOW JACK ACTIVE

Forty-Six New Cases and Five Deaths at New Orleans.

## NUMBER OF FOCI INCREASED

Two Hundred and Fifty Patients Now Under Treatment—Edwards Has Eight Cases of Black Vomit—Mobile Reaches the Hundred Mark in the Number of Cases Reported.

NEW ORLEANS, Oct. 7.—Last night's reports proved the day to be a record breaker, both as to the number of cases and as to the number of deaths. The increase in cases was not unexpected. The weather was warm during the afternoon, and the large territory the board of health has to cover makes perfect scrutiny impossible. While the number of cases under treatment is in the neighborhood of 250, there are many houses which have not yet been disinfected, but in which the patients have been declared well. Less restraint than usual is imposed on the inmates of such premises and the result has been that the number of foci has been increased. But the total death rate is still small in proportion to the number of cases. Number of new cases 46, deaths 5. Two of the new cases are in Algiers making seven that have appeared in that suburb. The disease has apparently died out at Ocean Springs.

The board of health officially announces the status of affairs in New Orleans as regards yellow fever to be as follows. Cases yesterday, 46; deaths, 5; total cases to date, 435; total deaths to date, 43; total cases absolutely recovered, 134; total cases under treatment, 248.

Reached the Hundred Mark.

MOBILE, Ala., Oct. 7.—The total cases of yellow fever here reached the hundred mark yesterday; total deaths 16. There were no deaths reported during the day. The relief work is proceeding with commendable rapidity. In some instances families were found without the least bit of food in the house. Some very touching appeals have reached the committee from those who are usually in good circumstances but are now compelled to ask for assistance.

Eight Cases of Black Vomit.

EDWARDS, Miss., Oct. 7.—Dr. Dunn of the state board of health last night gave out the following report: There have been 16 new cases of fever as follows: Five whites and 11 negroes. Total deaths to date 15. Total cases today in town and the immediate country 360. There are 8 cases of black vomit. The report from Nittayuna is to the effect that there is one new case, that of Mrs. Smith. This makes six in all at that place.

At Biloxi.

BILOXI, Miss., Oct. 7.—The board of health reports: Yellow fever cases under treatment, 120; suspicious cases, 4; other cases, 5; new cases, 7; total cases to date, 255; total deaths to date, 10; deaths yesterday, 1.

Suspicious Case.

BREWTON, Ala., Oct. 7.—Robert S. Babb, a train quarantine guard, was taken sick last Monday at his home in Alcoa. His physician reports the case as suspicious of yellow fever.

SHOT A TRAMP.

Mrs. Wilson Invites Him In and Cooley Shoots Him.

LEXINGTON, Ky., Oct. 7.—In the absence of James L. Wilson, an unknown tramp called at his home in the country near here, and inquired for "the man of the house." Mrs. Wilson informed him that her husband was away. The tramp thereupon grabbed Mrs. Wilson. Cooley shot him in the back. The tramp obeyed.

The young woman stepped to a table in the hallway and picked up a revolver. Turning she fired at the advancing tramp. He jumped backward onto the porch. Mrs. Wilson fired again. The ball hit the tramp in the left side. He staggered a few feet and the broke into a run and escaped.

PET DOG'S BITE.

Mrs. McGinty Dies in Terrible Agony From Hydrophobia.

DECATUR, Ills., Oct. 7.—Mrs. Ellen McGinty, aged 45 years, is dead of hydrophobia. Her illness extended from last Sunday and she suffered terrible agony. Last November Mrs. McGinty was bitten on the arm by a pet dog, tearing out a large piece of flesh. The wound soon healed after the customary treatment and nothing more was thought of the trouble. Last Sunday Mrs. McGinty felt a painful twitching in her arm, and soon had a chill. She asked for water and when it was brought to her she was thrown into spasms, which continued until death.

VICTIM OF X-RAYS.

Suit for Damages in Which the Loss of an Eye Is Alleged.

PADUCAH, Ky., Oct. 7.—J. D. Whalin has filed suit against Dr. Frank Boyd of the Boyd-White infirmary for \$10,000. The petition alleges that Dr. Boyd operated on the plaintiff with the X-ray for the purpose of locating a bullet in his head; that his head was severely burned by the use of said instrument; that his hair came out and that one of his eyes was put out on account of the burning of his head. He further alleges that he was forced to give up his position as switchman on account of the loss of his eyesight.

Pension Agent Leighty's Clerk.

WASHINGTON, Oct. 7.—At the pension office it is believed George Ward will be promoted to the chief clerkship in the Indianapolis pension agency. The pension commissioner, after consultation with the civil service commission, decided that Mr. Leighty, the pension agent, could not appoint any person outside of the office force.

## AUTONOMY FOR CUBA.

Decision Reached at a Spanish Cabinet Council—Havana Press Opinions.

MADRID, Oct. 7.—At a cabinet council last night the government decided to grant autonomy to Cuba under the suzerainty of Spain and to continue the campaign as long as may be necessary. Senor Sagasta, the premier, has received a cable message from Captain General Weyler, who offers his services to the government, and says: "I shall not resign."

## SENATOR DAVIS.

Doubts If Autonomy Would Be Sustained in Cuba by Spain.

ST. PAUL, Oct. 7.—The Pioneer Press this morning publishes a lengthy interview with Senator Davis, chairman of the senate committee on foreign relations, relating to the Cuban situation.

Senator Davis doubts if any ministry extending autonomy to Cuba would be sustained by the Spanish people, or whether it would, in any event, be accepted by Cuba, save through the influence of our own government with the people of the island. He does not favor immediate annexation of the island, but is of the opinion that should it secure independence its ultimate destiny is into our union without aggressive action on our part. He does not apprehend war with Spain over the subject.

## HAVANA PRESS OPINIONS.

HAVANA, Oct. 7.—El Rocio de la Marina, the organ of the reform party, commenting on the new Spanish cabinet, in its leading editorial, says: "The fall of the headless and disconcerted conservative party means a transition from a dark night to a sunny day, it means a radical transformation of method. Public opinion had received the tidings with great satisfaction, as indicating the re-establishment of peace. The list of the ministers is a clear indication that the platform of the new cabinet is pure and logical autonomy for Cuba. We have absolute confidence in a prompt re-establishment of peace. The rise in Spanish securities in Europe shows that the public in Spain and abroad has great confidence in Senor Sagasta's cabinet."

The Union Constitution, the organ of the Conservative party, says: "The change in the Spanish cabinet is of minor importance, as all true Spaniards must have the same patriotism in defending the high ideals of the nation." El Pais, the organ of the autonomist party, says it sympathizes with the new cabinet for having declared in favor of autonomy and hopes Senor Sagasta will make good in power the promises he gave while in the opposition.

La Lucha says: "This is the last chance in a game of the gravest importance for the future and for the history of Spain and her colonies."

## OPERAHOUSE BURNED.

Detroit's Theater in Ashes—Julia Arthur Company's Loss.

DETROIT, Oct. 7.—The center of Detroit was the scene at 1 o'clock this morning of a conflagration which totally destroyed three large buildings and contents, damaged several others and threatened destruction of at least an entire block of the most valuable property in the city. Loss \$350,000.

The blaze originated on the stage of the Detroit opera-house. Simultaneously with the breaking out of the fire there were several loud explosions, presumably the bursting of stage lighting apparatus. The flames quickly enveloped the rear of the theater and made a furnace of the interior. The opera-house, with all its contents, including the handsome scenery, costumes and equipments of the Julia Arthur company, were destroyed in short order.

The rear of the 10-story building occupied by the H. Leonard Furniture company, caught fire and nothing of the structure or contents remains but the steel frame.

It is reported that the Ripley county (Ind.) regulators have not subdued since their lynching of five men, but that letters of warning are being received by various persons in the county, threatening white-cap treatment.

### WARRANTY DEED.

And a Gilt Edge Title.—Read Through Carefully.

The unsuccessful champions of the failing cause of Brownstown in their desperation have slandered the titles to their own homes and questioned the county's title to the present court house grounds by the publication and circulation of a circular for the purpose of deluding the people if possible. Sections 5, 6 and 7 of this circular call in question the title of the land conveyed to the county by John Ketcham in 1817.

To settle this matter the REPUBLICAN has obtained a copy of the original deed under the hand and official seal of the county recorder showing the utter falsity of these statements, and another palpable fraud which has been attempted by the anti removalists, and that the county's title is absolute and perfect. The following is the deed in full:

"DEED OF TOWN LAND FROM JOHN KETCHAM TO JOHN MILROY, AGENT."

"This indenture made and entered into by and between John Ketcham of the county of Jackson and state of Indiana, and Elizabeth, his wife, of the one part, and John Milroy, agent for Brownstown and county of Jackson and state of Indiana, of the other part. Witnesseth that the said John Ketcham and Elizabeth, his wife, for and in consideration of the sum of twelve hundred and thirty dollars and eighty cents, money of the United States, to him paid, the receipt whereof is hereby acknowledged, hath hereby granted, bargained and sold and by these presents doth hereby grant, bargain and sell, alien and enfeoff, all their right, title, interest and claim in and to a certain tract or parcel of land situated in the county of Jackson, being the same as selected by and agreed for by the commissioners appointed by the legislature by an act passed the eighteenth day of December, eighteen hundred and fifteen, to fix and establish the seat of justice in the said county of Jackson. Said tract of land being part of fraction eleven and fourteen, town five north of range four east in the district of lands offered for sale at Jeffersonville and bounded as follows viz: Beginning at the south east corner of the north east quarter of section (on fraction) No. fourteen, thence one hundred and forty poles to a stake, thence north one hundred and forty-six to a post in a field twelve feet north of a dead blue ash and on the boundary line between the old and new purchases, thence with the said boundary line one hundred and forty-three poles to the corner of fraction eleven, thence south seven degrees, east two hundred and thirty-seven poles to the place of beginning, containing one hundred and fifty-three acres, three quarters and sixteen poles, to have and to hold the same, and the said John Ketcham and Elizabeth, his wife, for themselves, their heirs, executors and administrators hath hereby granted, bargained and sold, aliened and confirmed the said tract or parcel of land unto the said John Milroy, agent as aforesaid, or his successors, for the use, benefit and behoof of the said county of Jackson, and the said John Ketcham and Elizabeth, his wife, will forever warrant and defend the same from them, their heirs, executors and administrators, &c., unto the said John Milroy, agent for the said county of Jackson, or his successors, for the use of the county aforesaid and from all and every other person or persons whatsoever, lawfully claiming or to claim, and will forever defend. In witness whereof the said John Ketcham and Elizabeth, his wife, hath hereunto set their hands and seals this twenty-seventh day of February, in the year of our Lord One thousand eight hundred and seventeen.

Birthday Dinner.

James Blair living east of town near Hayden was sixty years of age yesterday and his good wife prepared an excellent dinner in honor of the occasion. About twenty-five of his friends were invited to spend the day at his home and they thoroughly enjoyed the day. They left with the best of good wishes for Mr. Blair and his wife.

Notice.

All parties are forbidden to burn leaves, weeds, or rubbish of any kind between the hours of 4 p. m. and 7. a. m.

This order becomes necessary for the reason that during these hours the density of the atmosphere causes the smoke to cling to the earth thus becoming a source of annoyance to citizens who are subject to bronchial or asthmatic troubles, as well as destroying the sleep of many others.

From and after this date the burning of all such leaves, etc., must be done between 7 a. m. and 4 p. m.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., Chief, says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Coughs, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at W. F. Peter's drug store.

Taken by Surprise.

The friends of Mr. Fred Rust and wife, of South Vine street, to the number of one hundred, headed by the Huffman boys with their musical instruments surrounded their home and took peaceable possession, each one being armed with something good to eat. After the surrender of the family, a bountiful supper was served, of which all partook. A very pleasant evening was spent and all went to their homes wishing Mr. Rust and family happiness and prosperity in their new home in Kokomo, to which they will remove tomorrow morning.
